REGISTRATION

In 2010 the General Chapter of the Cistercian Order arranged for the creation of a course for the formation of new superiors of the Cistercian Order (seventh resolution), and left it to the Abbot General and to his Council to arrange it (eighth resolution). After the good experience of the course in 2011, it was decided to invite to the course all superiors who want to come, also to deepen the friendship and collaboration between superiors of the Order, reserving only the first day for new superiors.

On the basis of these resolutions, we offer in this pamphlet the general program and the registration form for the 2013 course. New superiors are strongly encouraged to participate, since the organization of the course was called for by the Chapter. All others are cordially invited.

In order to organize the course well and to calculate the price exactly, participants are asked to send the accompanying registration form as soon as possible,
